

## Data sheet

SM 022 (022-1BD50)

Technical data

| Order no.   | 022-1BD50                        |
|---|----------------------------------|
| Туре  | SM 022                           |
| Module ID   | 0105 AFA0                        |
| General information   |                                  |
| Note  |                                  |
| Features  | 4x DO<br>DC 24 V<br>0.5 A<br>NPN |
| Current consumption/power loss                                |                                  |
| Current consumption from backplane bus                        | 75 mA                            |
| Power loss  | 0.5 W                            |
| Technical data digital outputs                                |                                  |
| Number of outputs   | 4                                |
| Cable length, shielded  | 1000 m                           |
| Cable length, unshielded                                      | 600 m                            |
| Rated load voltage  | DC 20.428.8 V                    |
| Current consumption from load voltage L+ (without load)       | 5 mA                             |
| Total current per group, horizontal configuration, 40°C       | 2 A                              |
| Total current per group, horizontal configuration, 60°C       | 2 A                              |
| Total current per group, vertical configuration               | 2 A                              |
| Output current at signal "1", rated value                     | 0.5 A                            |
| Signal logic output   | Sinking output                   |
| Output delay of "0" to "1"                                    | 30 µs                            |
| Output delay of "1" to "0"                                    | 100 µs                           |
| Minimum load current  | -                                |
| Lamp load   | 10 W                             |
| Parallel switching of outputs for redundant control of a load | not possible                     |
| Parallel switching of outputs for increased power             | not possible                     |
| Actuation of digital input                                    | yes                              |
| Switching frequency with resistive load                       | max. 1000 Hz                     |
| Switching frequency with inductive load                       | max. 0.5 Hz                      |
| Switching frequency on lamp load                              | max. 10 Hz                       |
| Internal limitation of inductive shut-off voltage             | +45 V                            |
| Short-circuit protection of output                            | yes, electronic                  |
| Trigger level   | 1.7 A                            |
| Number of operating cycle of relay outputs                    | -                                |
| Switching capacity of contacts                                | -                                |
| Output data size  | 4 Bit                            |
| Status information, alarms, diagnostics                       |                                  |
| Status display  | green LED per channel            |
| Interrupts  | no                               |

| Diagnostic interrupt               | no                         |  |
|------------------------------------|----------------------------|--|
| Diagnostic functions               | no                         |  |
| Diagnostics information read-out   | none                       |  |
| Supply voltage display             | green LED                  |  |
| Group error display                | red LED                    |  |
| Channel error display              | none                       |  |
| Isolation                          |                            |  |
| Between channels                   | -                          |  |
| Between channels of groups to      | -                          |  |
| Between channels and backplane bus | yes                        |  |
| Insulation tested with             | DC 500 V                   |  |
| PWM data                           |                            |  |
| PWM channels                       |                            |  |
| PWM time basis                     |                            |  |
| Period length                      |                            |  |
| Minimum pulse width                |                            |  |
| Type of output                     | -                          |  |
| Safety                             |                            |  |
| Safety protocol                    |                            |  |
| Safety requirements                | -                          |  |
| Secure user address                | -                          |  |
| Watchdog                           |                            |  |
| Two channels                       | -                          |  |
| Test pulse length                  | -                          |  |
| Circuit monitoring                 | -                          |  |
| Datasizes                          |                            |  |
| Input bytes                        | 0                          |  |
| Output bytes                       | 1                          |  |
| Parameter bytes                    | 0                          |  |
| Diagnostic bytes                   | 0                          |  |
| Housing                            |                            |  |
| Material                           | PPE / PPE GF10             |  |
| Mounting                           | Profile rail 35 mm         |  |
| Mechanical data                    |                            |  |
| Dimensions (WxHxD)                 | 12.9 mm x 109 mm x 76.5 mm |  |
| Net weight                         | 57 g                       |  |
| Weight including accessories       | 57 g                       |  |
| Gross weight                       | 72 g                       |  |
| Environmental conditions           |                            |  |
| Operating temperature              | 0 °C to 60 °C              |  |
| Storage temperature                | -25 °C to 70 °C            |  |
| Certifications                     |                            |  |
| UL certification                   | yes                        |  |
| KC certification                   | yes                        |  |
|                                    |                            |  |
